

### **Message of Solidarity**

On the occasion of the Referendum on urban transport services, which will take place in Rome on the 11 of November, the Permanent Committee of the ECTUN, held in Sofia, expresses its solidarity to Cgil, Cisl and Uil for their commitment to defend the public character of the local transport service which ensures the efficiency and guarantees employment stability.

The experience of privatisation of local transport in other European capitals has been detrimental, both for the quantity and quality of services provided to the citizens, and for the protection of the employment and the workers' rights.

ECTUN believes that the problem of local transport and mobility is important not only for the workers but also for the quality of life in our Cities, and therefore decides, that this issue will be the main topic at the forthcoming Permanent Conference of ECTUN that will take place in Sofia from 18 to 20 March 2019.

Sofia, 8 November 2018

For the Permanent Committee
